Colloquial Arabic is the spoken language of the street. Both forms are used by the media, for business talk, and in the film industry. It is also used in songs and folk literature, and popular poetry. During the Persian Gulf War, many people from the Gulf States emigrated to Europe, where they continued to speak their native language.

Varieties of Arabic - Wikipedia

Jan 31, 2017 · She speaks colloquial Arabic, which helped her to interview residents of Aleppo. Bartlett emphasized the importance of understanding the local language in order to communicate effectively with the people she was interviewing.
